- Language Arts
- 4 years experience
- Bachelor of Arts in Education degree – Ohio Northern University

How he got into teaching:

“I was encouraged and inspired by teachers throughout my educational experience. I started teaching with the hope that I can have a similarly positive effect on my students.”

Teaching Philosophy:

“I believe that learning works best when teachers make the material as meaningful and interesting as possible. As such, I try my best to introduce good stories and authors to my students, sometimes trying to use those stories, coupled with real life examples to illustrate Catholic values.”

“Do not abandon yourselves to despair. We are the Easter people and Hallelujah is our song.”

Pope John Paul II

Favorite thing about St. Francis:

I like being able to express my faith and share that same faith with the 400+ people around me. I don't have to hide that Truth here.
