

Jill Weisend, Reading Lab

How she got into teaching:

"In high school, I taught swim lessons to all ages of children. I loved their enthusiasm and excitement when they learned a new stroke or overcame their fear of going underwater. This led me to pursue a teaching career."

Teaching Philosophy:

"Each student is an individual with his or her own learning style. I believe in providing students with a variety of ways to learn and show their knowledge."

Favorite thing about

St. Francis:

"I feel so lucky to work with students whose families value education. St. Francis parents are always eager to find out how they can help their children at home."
