

Molly McGuire, 7-8th Grade

Teaching Philosophy:

"My approach to teaching is student-centered. I prefer to be the 'guide from the side' as opposed to the 'sage on the stage.' I am a constructivist at heart, although I believe in many traditional practices. When working with students, I try to see what is not visible by looking for hidden talents."

How she got into teaching:

"My best friend from high school once told me, 'With the way you love children, you should be a teacher.'"

She was right!
Teaching is what God planned for me."

Favorite thing about St. Francis:

"The amazing teachers and students I get the privilege of working and praying with everyday."
